RE: Transmittal of Various Documents for Operable Units 5-05 and 6-01

Dear Ms. Green:

On September 14, 1995, the Idaho Department of Health and Welfare, Division of Environmental Quality (IDHW/DEQ) received your September 12, 1995 letter by which the following SL-1/BORAX-I documents were transmitted for Agency use and review:

- Engineering Design File (EDF) INEL-95/103 (and diskette with latest dose equivalent rate measurement survey data).
- Assessment of Surface Soils Surrounding the SL-1 Burial Ground.
- Errata for the Remedial Investigation/Feasibility Study Report for Operable Units 5-05 and 6-01.
- Support documentation for annual dose calculations for selected scenarios.
- Class C Waste Equivalency Determination.
- Support documentation for the estimation of uranium-235 surface soil concentrations.

We request that the aforementioned documents not be placed in the administrative record on September 29, 1995 as indicated in your transmittal letter. Instead, we are prepared to notify your agency of any required changes to these documents by October 13, 1995.

Should you have any questions regarding this letter, please contact me at your earliest convenience. My telephone number is (208) 373-0260.

Sincerely,

E. Jean Underwood  
WAG 5 Manager  
Remediation Bureau
